The commissioners describe the girl as a Hungarian by birth, eighteen years of age, and in America two years. "She resembles an Italian." they say, "with black, curly hair, black eyes, red cheeks and is very attractive."

Gentlemen,—I wish to tell you how grateful i am for the benefit derived from the use of Tripp's Brown Bitters. I have succred greatly for menths with indigestion, constipation and stomach trouble. Some weeks ago I had a very severe attack. My stomach became swoolen and great knots came in my side and stomach. My bowels became clogged, and I was in a frightful condition. My husband had five physicians, and four of them said I had appendicitis, and that I would have to go to the hospital and have an operation performed. Preparations were being made to take me to the hospital on February 11, my clothes having already been packed, when Mrs. Sarah Miller, a neighbor, requested your Mr. Tripp to stop and see me. He suggested I try a bottle of Tripp's Brown Bitters. I did so. Took the first dose Monday afternoon of the 10th. Thesday morning I was feeling so much better I did not go to the hospital. I was able to sit up. I paid the doctors and for medicine \$28, all the money I had, and the three first doses of Tripp's Brown Bitters did more for me than all the doctors did, and I have been finproving every day since I took the first dose. While under the doctors' theatment my diet was restricted to milk toast. I can now eat anything I want, and it does not hurt me. My appetite is improving, and I feel better than I have for months. I have only been taking the bitters one month.

Use this testimonial any way you see fit. I hope it may be the means of helping many poor suffering women as it has me.

Very gratefully yours.
